INVESTIGATION FINDINGS

Ollama model - stopped

3 observations | 3 tool calls

The case with dispute ID 15 is currently under investigation. The transaction involves a $275.00 purchase from 'Tutorial Store - sample order' with a reason indicating a missing order. The risk score is 0.42, with notable signals in the amount and history, but the case remains unchanged due to incomplete analysis.

INTEGRITY & REVIEW NOTES

Case events are included in the workspace's SHA-256 audit chain. Chain head at export:

365254a218bc183ff925150be6bd33235dac5ef1520625309ebfe7b95760dfce

Review the original evidence and case history before making a decision. This report records the application's state at export; it does not certify a payment or establish fraud.
